PROFILE

Over the past two years, I have honed my skills as a video editor, working on diverse projects including promotional videos, short films, and social media content. I am proficient in industry-standard software such as Adobe Premiere Pro and Adobe Photoshop, enabling me to deliver polished, engaging videos. My experience includes video cutting, color grading, motion graphics, and sound synchronization, ensuring high-quality final products. I collaborate closely with clients to understand their vision and execute it creatively and efficiently. This journey has enhanced my technical abilities, creativity, and attention to detail, making me a reliable and passionate video editor.
